

Model 5004VT

Four Selection & Four Price Card & Transit Ticket Cashless Payment Vending Machine

FEATURES

Increase return on investment
 "Self-service" units reduce your overhead costs by freeing up staff time.

Audit trail on the 5004VT
 The Nayax Vpos Touch cashless payment terminal records all card or transit ticket total transactions wireless on a central server.

Set the vend prices of the 5004VT for your operation
 Programming parameters allow you to customize the dispenser vend prices and view all transactions from a standard office PC. Free Nayax dashboard is included.

Accepts Most Credit & Debit Cards Including Apple Pay, Google Pay & Reloadable RFID VendaCards.
 RFID VendaCards can be reloaded remotely with cash value. Order SKU 945002-004

Operates Unattended 24/7
 Fully automated vending of cards or transit tickets. Select card value on the touch screen, make payment. Card or transit ticket dispenses and is held in the exit slot waiting to be taken.

Mounting options
 Can be wall mounted or mounted on the top of a 32 inch tall console base. Special order with a .025 thick round black powder coated steel bollard.

Model 5004VT SKU: 945002-004
